

Chicken in A Cup

An extraordinary amount of fun with just a few humble materials.

1. Poke a small hole in the center of the bottom of the plastic cup. Attach the yarn to the paper clip, and feed it through the hole in the cup so that the paper clip is outside the and the string hangs down from the inside.
2. Wet your paper towel and fold until small enough to hold in one hand.
3. Wrap the paper towel around the string and pull down with short, quick motions while holding the cup with your other hand.
4. Experiment with different pulling speeds and lengths to see how the sound changes!

Materials Included:

- Plastic Cup
- Paper Clip
- String/Yarn (24" long)

Additional household materials:

- Paper towel
- Sharp pencil or pin to poke hole in cup
